CANSO SELECT OPPORTUNITIES CORPORATION ANNOUNCES RENEWAL OF OPERATIONAL SERVICES AGREEMENT

For Immediate Release

Richmond Hill, Ontario. October 1, 2026 – Canso Select Opportunities Corporation (TSX Venture: CSOC.A, CSOC.B) ("**CSOC**") announces the renewal of its Operational Services Agreement with Canso Investment Counsel Ltd. ("**CIC**"), effective October 1, 2026. Under the renewed agreement, CIC will continue to provide certain day-to-day operational services required to support CSOC's business and affairs. CSOC and CIC originally entered into the Operational Services Agreement on August 1, 2018. While the scope of services remains unchanged, the services will now be provided on a fee basis negotiated between CSOC and CIC. The change reflects the growth of CSOC since the original agreement was entered into in 2018 and recognizes the continuing operational support and resources provided by CIC.

The Operational Services Agreement may be terminated: (i) at any time by the mutual written agreement of CSOC and CIC; (ii) by either party, for any reason, upon ninety days' prior written notice; (iii) by either party in the event of a breach that is not cured within thirty days of delivery of written notice of the breach; or (iv) in the event of the bankruptcy, insolvency, or receivership of the other party.

A copy of the Operational Services Agreement is available on SEDAR+.

About CSOC

CSOC is an Ontario-based investment holding company. CSOC's investment objective is to provide long term capital growth to its shareholders. With its core holding in Lysander Funds Limited, together with a portfolio of public and private investments, CSOC aims to generate returns that exceed average market returns over the long term. Consistent with this objective, CSOC evaluates potential investments in public & private equity, debt and other securities. The deployment of funds to new investments depends on both the attractiveness of new investment opportunities and the availability of capital generated from the realization of value or income from existing portfolio investments. The investment portfolio consists of public and private equity and debt investments primarily in North America. However, there is no geographic constraint on the investment portfolio.
